State of North Carolina, Burke County: Court of Pleas and Order Sessions October Term 1832

On this the 23rd day of October 1832 personally appeared in open Court before the Justices of the Court of Pleas & Quarter Sessions for the County and State aforesaid now sitting Stephen Ballew a resident of said County and State aged about 70 Years who being first duly sworn according to law doth on his oath make the following declaration in order to obtain the benefits of Act of Congress passed June 7th 1832.

That he entered the Service of the United States under the following named officers and served as herein stated (viz.) That he entered the Service as a Substitute for his father Robert Ballew in the County of Burke then Rowan who was drafted by Captain William Johnson [William Johnston ?] Commanded by Colonel Waford [sic, Wofford ?] that he marched from his residence to the Western part of said County, to Warford's fort [sic, Wofford's fort ?] where he remained for some time to protect the fort against the assault of Indians that a short time previous to his arrival one or more men stationed there had been shot by the Indians who made it necessary for this expedition where he remained for a short time was discharged and returned home. That some short time afterwards he again served as a substitute for his father who was drafted for the term of three months by Captain McFarland, a part of which time he was stationed at Davidson's fort (now known as old fort) and occasionally engaged in scouting through the Western part of said County to protect the inhabitants against the depredations of the Indians and Tories. That he substituted for his father who at another time was drafted by Captain Aberdeen Clarke the name of the other officers not now remembered. Captain Clark and Company joined with Captain Smith at Sherrill's Ford and from thence we marched some distance below Charlotte where we joined an Army of men commanded by General Smallwood & General Morgan (I think from Virginia) from there returned to Charlotte where we joined with General Green [sic, Nathanael Greene] and immediately marched through Anson [County] & to Cheraw Hills that immediately on our arrival at Cheraw Hills we were ordered to Salisbury where we were employed in building a stockade fort that soon afterwards he was taken sick received a discharge and returned home, that he was afterwards engaged in the Service of the U S under command of Lieutenant William Jones, Commanded by Colonel McDowell of Burke that during this tour which was about two months he was stationed at Davidson's fort, this was the last service rendered by me to the U S the only one in which I volunteered for myself the whole of my services amount to something like eight months and two weeks, six months of which (at two tours) I was as before stated a substitute for my father the time I entered the service I am unable to state but think from the best calculation I can make it was during the year 1777. I was born in Amherst County Virginia the day and year not known I am enabled only to judge of my age from what I have heard my parents say when young.

I hereby relinquish every Claim to a pension or annuity except the present and do hereby declare that my name is not on the Pension Roll of any State or the agency of any State. Sworn to & subscribed this day and year first written.
