Supplement to the declaration of Joseph Ballew for a pension under the act of Congress passed 7<sup>th</sup> June 1832. The original declaration sworn to at October Term 1832 of the Court of Pleas & quarter Sessions for Shelby County.

The said Joseph Ballew in addition to the facts stated in his original declaration states that he entered the Service & served as a private soldier during all the time he served, he cannot state with any more precision the length of time he served as each length of time is correctly stated and that he served out the length of time for which he entered the service each campaign. That he was born in Buckingham County State of Virginia in the year Seventeen hundred and fifty seven or fifty eight.

That he has no record of his age the record being lost.

The said Joseph Ballew further states that in filing his original declaration the reason he did not get the affidavit of a preacher was that he went to court without knowing what was necessary for him to prove and having the affidavit of a witness proving his services was informed that it would be unnecessary to have the affidavit of a preacher as that would only be required in the absence of positive proof[.] [H]e has now procured the affidavit required.

Sworn to & subscribed in open Court April 8, 1833.
